

The Blizzards Winter 2009-2010

Not one, not two but three big snows came this winter! The first snow in December was crazy at the time, but it was just practice for the back-to-back snowstorms that hit us in February. The horses all did great through the storms, and really enjoyed playing in the snow once they were turned out! Our staff also enjoyed playing in the snow — by building a snow horse!
